INDEX OF SUBJECTS

Arachis hypogaea, *see* Groundnut

Banana fruit buoyancy, effects of potassium (Johnson), 173
Barley, by D. E. Briggs, reviewed by R. N. H. Whitehouse, 203
Beans, in mixed cropping studies with maize (Fisher), 49
Biological Nitrogen Fixation in Farming Systems of the Tropics, ed. by A. Ayanaba and P. J. Dart, reviewed by A. J. Holdings, 415
Brassica juncea, *see* Mustard
Brassica juncea, effects of maturity on oil yield (Gambhir, Narain and Tiwari), 411
Broad bean (*Vicia faba*) in the Sudan, effects of soil salinity on (El Karouri), 59

Cajanus cajan, *see* Pigeonpea
Camellia sinensis, *see* Tea
Cassava (*Manihot esculenta*), storage of fresh. III. Preserving chipped roots before and during sun-drying (Booth and Dhiauddin), 135
Cassava chips (*Manihot esculenta*), insect infestation in storage (Parker and Booth), 145
Cassava, estimation of hydrogen cyanide released by organic solvents (Williams), 393
Chickpea, measuring leaf-water potential with a pressure chamber (Sivakumar and Virmani), 377
Chlorflurenol, *see* Morphactin
Cicer arietinum, *see* Chickpea
Cocoa, edge effects and interactions with environment (Martin and Lockwood), 225
Cocoa progeny trails, improving precision using calibrator trees (Lockwood), 209
Corn (*Zea mays*), effects of morphactin (chlorflurenol) on sex expression, yield and carbohydrates in (Bisaria, Ranjana Narang, Rastogi and Bhatnagar), 97
Cowpea, effects of time of planting, rainfall and soil moisture (Kamara and Godfrey-Sam-Aggrey), 315
Cowpea, planting date, insect damage and yield in Western Nigeria (Nangju, Nwanze and Singh), 289
Cowpea and soyabean seed, effects of pelleting with fertilizer dusts (Rhodes and Nangju), 27
Crop Physiology—Some Case Histories, ed. by L. L. Evans, reviewed by J. P. Hudson, 304
Cycling of Mineral Nutrients in Agricultural Ecosystems, ed. by M. J. Frissel, reviewed by P. B. Tinker, 203

Defoliation, effects on lodging and yield of maize hybrids (Pinter and Kalman), 241
Desert grasses, effects of fertilizer and clipping on protein in (Kathju, Shankarnaryan, Lahiri and Vyas), 103
Diopsis macrophthalma, *see* Rice stem-borer

Environmental Role of Nitrogen-Fixing Blue-Green Algae and Asymbiotic Bacteria, ed. by U. Granhall, reviewed by A. J. Holding, 204
Ethephon, effects on anthesis and 'fruit collapse' disease in pineapple (Lim and Lowings), 331
Evolution of Crop Plants, ed. by N. W. Simmonds, reviewed by J. R. Hudson, 415

Fertilizer, effects of continuous use on a Nigerian ferruginous soil (Singh and Balasubramanian), 257
Fertilizer and clipping, effects on protein in leaves of desert grasses (Kathju, Shankarnarayan, Lahin and Vyas), 103
Fertilizer, lime and potassium, yields and responses in different cropping years in Uganda (Foster), 193
Field experiments, forms for recording details and results (Riley and Ryder), 1
Forage Maize—Production and Utilisation, ed. by E. S. Bunting, B. F. Pain, R. H. Phipps, J. M. Wilkinson and R. E. Gunn, reviewed by G. M. Millbourn, 415
Forms for recording details and results of field experiments (Riley and Ryder), 1

Genetic and Molecular Basis of Plant Pathogenesis, by J. E. Van der Plank, reviewed by N. F. Robertson, 207
Gibberellic acid, effect of on seed dormancy in sesame (*S. indicum*) (Ashri and Palevitch), 81
Glycine max, *see* Soyabean
Grain legumes and dryland pearl millet in NW India (Giri and De), 169
Greenhouse Management, by J. J. Hanan, W. D. Holley and K. L. Goldsberry, reviewed by D. Rudd-Jones, 205
Groundnut (*Arachis hypogaea* L.) at two locations, effects of variety and spacing (Yayock), 339

Groundnut production in Northern Nigeria, an economic analysis of traditional and improved practices (Abalu and Harkness), 85
Growth phases in plants and their bearing on agronomy (Watts Padwick), 15

Handbook of Numerical and Statistical Techniques, by J. K. Pollard, reviewed by H. D. Patterson, 204
Haplustalf in Nigeria, effects of continuous fertilizer use (Singh and Balasubramanian), 257
Hydrogen cyanide, released from cassava, estimation of (Williams), 393

Introduction to Animal Husbandry in the Tropics, by G. Williamson and W. J. A. Payne, reviewed by A. J. Smith, 204
Ipomoea batatas, *see* Sweet potato
Irrigation effects on roots and shoots of pearl millet (*Pennisetum typhoides*) (Gregory and Squire), 161

Kenya Highlands, effects of seed size on growth and yield of maize in (Hawkins and Cooper), 73

Leaf Protein and Other Aspects of Fodder Fractionation, by N. W. Pirie, reviewed by J. P. Hudson, 303
Lime fertilizer, yields and responses in different cropping years in Uganda (Foster), 193

Maize, dryland, effects of mulching previous crops or fallow on (Prihar, Singh, Singh and Sandhu), 129
Maize, effects of seed size on growth and yield of in the Kenya Highlands (Hawkins and Cooper), 73
Maize, in mixed cropping studies with beans (Fisher), 49
Manihot esculenta, *see* Cassava
Measurement of Grassland Vegetation and Animal Production, ed. by L. t'Mannetje, reviewed by J. Hodgson, 206
Mixed cropping in Northern Nigeria. II. Cereals and cotton (Baker), 33
Mixed cropping in Northern Nigeria. III. Mixtures of cereals (Baker), 41
Morphactin (chlorflurenol), effects of on sex expression, yield and carbohydrates in corn (*Zea mays*) (Bisaria, Ranjana Narang, Rastogi and Bhatnagar), 97
Mulching previous crops or fallow, effects of on dryland maize and wheat (Prihar, Singh, Singh and Sandhu), 129
Mustard (*Brassica juncea*), effects of irrigation and fertilizer (Joarder, Paul and Ghose), 299
Mustard, breeding for increased oil content (Asthana, Dube, Tiwari, Gambhir and Rajan), 65

N fertilizers, effects of on sugarcane in the Sudan (Ibrahim), 107
Non-climbing dry beans at three spacings in the tropics, simplified growth analysis (Kueneman and Wallace), 273
Note on editorial policy (J. P. Hudson), 305

Oil content (increased) in rapeseed and mustard, variability studies and breeding for (Asthana, Dube, Tiwari, Gambhir and Rajan), 65
Oil palm seedlings, partitioning of dry matter and nutrients (Lucas, Ataga and Thomas), 361

Palm Sago, A Tropical Starch from Marginal Lands, by K. Ruddle, D. Johnson, P. K. Townsend and J. D. Rees, reviewed by N. W. Simmonds, 304
Pearl millet (dryland), effect of preceding grain legumes on, in NW India (Giri and De), 169
Pearl millet (*Pennisetum typhoides*), irrigated and unirrigated, and uptake of N, P and K (Gregory), 217
Pearl millet (*Pennisetum typhoides*), irrigation effects on roots and shoots (Gregory and Squire), 161
Pearl millet, short day induction of flowering and its effect on plant morphology (Ong and Everard), 401
Pennisetum typhoides, *see* Pearl millet
Phaseolus vulgaris, *see* Beans
Pigeon pea (*Cajanus cajan*) as a winter crop in peninsular India (Narayanan and Sheldrake), 91
Pineapple, 'fruit collapse' disease and anthesis, effects of ethephon (Lim and Lowings), 331
Plant Breeding for Pest and Disease Resistance, by G. E. Russell, reviewed by N. W. Simmonds, 303
Potassium, and buoyancy of banana fruit (Johnson), 173
Potassium fertilizer, yields and responses in different cropping years in Uganda (Foster), 193
Potato Crop, The. The Scientific Basis for Improvement, ed. by P. M. Harris, reviewed by N. W. Simmonds, 203
Preparing papers for scientific journals (Hudson), 307

Rapeseed, breeding for increased oil content (Asthana, Dube, Tiwari, Gambhir and Rajan), 65
Resource Allocation and Productivity in National and International Agriculture Research, ed. by T. M. Arndt, D. G. Dalrymple and V. W. Ruttan, reviewed by R. M. Allen, 205
Rhizobium japonicum, inoculation of soyabeans (*Glycine max*) with (Okon, Volfovitch, Henis and Pinthus), 267
Rice, flooded, levels of zinc (Beavington and Varley), 335
Rice varieties, response to seasons (Chang and Yang), 369
Rice stem-borer (*Diopsis Macrophthalma*), economic importance in Malawi (Feijen), 177

Seed size, effects of on growth and yield of maize in the Kenya Highlands (Hawkins and Cooper), 73
Sesame (*S. indicum*), seed dormancy in, and the effect of gibberellic acid (Ashri and Palevitch), 81
Sesamum indicum, *see* Sesame
Soil Conservation and Management in the Humid Tropics, ed. by D. J. Greenland and R. Lal, reviewed by P. H. Nye, 303
Soil salinity, effects of on broad bean (*Vicia faba*) in the Sudan (El Karouri), 59
Soil Sampling and Soil Description, by J. M. Hodgson, reviewed by J. M. Ragg, 206
Soyabean and cowpea seed, effects of pelleting with fertilizer dusts (Rhodes and Nangju), 27
Soyabean, seed characters and germination (Nanyju), 385
Soyabeans (*Glycine max*), inoculation with *Rhizobium japonicum* (Okon, Volfovitch, Henis and Pinthus), 267
Soybean Physiology, Agronomy and Utilization, ed. by A. G. Norman, reviewed by Watkin Williams, 304
SPVD, effects on growth and yield of sweet potato (Hahn), 253
Studies in mixed cropping. III. Further results with Maize–bean mixtures (Fisher), 49
Sugarcane in the Sudan, effects of N fertlizers on (Ibrahim), 107
Sweet potato, effects of viruses (SPVD) on growth and yield (Hahn), 253
Sweet potato (*Ipomoea batatas*) leaf tips as vegetables. I. Evaluation of morphological traits (Villareal, Lin, Chang and Lai), 113; II. Evaluation of yield and nutritive quality (Villareal, Tsou, Lin and Chiu), 117; III. Organoleptic evaluation (Villareal, Tsou, Chiu and Lai), 123

Tea (*Camellia sinensis*), some factors limiting yields (Tanton), 187
Tea (*Camellia sinensis*), weather, physiology and seasonality of yields (Squire), 321
Timing the application of N to maize in Sierra Leone (Haque), 247
Tobacco, darkfire-cured, factors affecting yields (Tanton and Abington), 353
Tobacco (fire-cured) in Malawi, effects of variety, fertilizer and environment on (Abington and Tanton), 153
Tomatoes, in Western Nigeria, variety × environment interactions (Adelana and Oyedokun), 285
Tropical Root Crops, The, by I. C. Onwueme, reviewed by P. H. Haynes, 205

Vicia faba, *see* Broad bean
Vigna unguiculata, *see* Cowpea

Wheat, dryland, effects of mulching previous crops or fallow on (Prihar, Singh, Singh and Sandhu), 129

Zea mays, *see* Maize and Corn
Zinc in flooded rice on clay soils in Lake Chad basin, Nigeria (Beavington and Varley), 335

INDEX OF AUTHORS

ABALU, G. O. I. and HARKNESS, C. Traditional versus improved groundnut practices: on economic analysis of production in Northern Nigeria, 85

ABINGTON, J. B., *see* TANTON, T. W.

ABINGTON, J. B. and TANTON, T. W. Effects of variety, fertilizer and environment on fire-cured tobacco in Malawi, 153

ADELANA, B. O. and OYEDOKUN, J. B. Variety × environment interactions in Western Nigerian tomatoes, 285

ALLEN, R. M. Review of *Resource Allocation and Productivity in National and International Agriculture Research*, ed. by T. M. Arndt, D. G. Dalrymple and V. W. Ruttan, 205
